ACCESS LINE

A CMO (Crisis Mobile Outreach) worker sensitively works with the person in crisis to provide support, information, and

assists the individual to any needed ser-

vices, such as the Aloha House Inc. Licensed Crisis Residential Service, or the Maui Memorial Medical Center for evaluation. Our workers can also assist those in crisis to access case management services, which can further help to de-escalate the crisis. Our crisis workers collaborate with other emergency service responders, including the Police and Fire Departments, to assist them in their duties, and to provide training and education regarding the best ways to help our residents in need.
